

MAY 2018 UPDATE...

regarding

Age-Friendly Seniors Housing in Lytton

The Age-Friendly Seniors Housing Committee has made several steps forward in the plan to provide housing for seniors who wish to downsize their residence and live in a central Village location.

Our consultants will be conducting a broad survey on the housing needs in Lytton. If a need for independent seniors housing is identified and, if we have secured a suitable downtown site for this project, then the committee will have a 'green light' to continue.

The survey will include direct phone interviews with a variety of individuals and a paper questionnaire will be available for all community members not included in the phone survey.

The plan is moving ahead! We will continue to provide progress updates as information becomes available OR please feel free to drop in and observe at the next committee meeting scheduled on Monday, June 4th at 11:00 a.m.

For more information contact the Village of Lytton Office at 250-455-2355
