

Date: December 4, 2014
 Memo to: Mayor and Council
 From: Staff
 Subject: **Unused Economic Development Funding**

Purpose/Issue: NDIT Economic Development Capacity Building Grant funding has not been fully spent. The Village will lose this year's remaining unspent funds, if not used.

Background: The Director of Economic Development at NDIT suggested that the Village could purchase canopies, which could be used for regular outdoor events, such as the Lytton Farmer's Market. These canopies would be owned by the Village, but loaned out for local events.

Recommendation: That the Village of Lytton purchase several canopies using remaining Economic Development Capacity Building funds.
