Village of Lytton
PO Box 100
Lytton, BC
V0K 1Z0

Dear Mayor and Council,

During our recent Chamber of Commerce AGM a discussion arose concerning the Village's Economic Development Committee.

Some members of the Chamber were unaware that the committee existed and most of us were uncertain as to the committee's mandate. Your representative, who attended our AGM, provided us with some answers to our questions but we still were unclear of the overall purposes and goals of your committee.

As an organization that represents the business interests of this community we were curious as to why we weren't involved from the beginning or even contacted at all.

Members of the Lytton Chamber would appreciate being apprised of the committee's mandate and if this overlaps with our mission we would like to be involved.

It is also our belief that no committee dealing with the economic issues that impact the community of Lytton should be without representation from Lytton First Nations and/or the Tribal Council.

When can we meet and discuss the issue with Council?

Sincerely,

Bernie Fandrich, President
