

Village of Lytton Update

October 18, 2021 at 5 p.m.

RESIDENT NEEDS SURVEY

The Village of Lytton is at an integral point in its recovery from the 2021 Wildfire. With the site secure and clean up and debris removal ready to begin, the Village wants to ensure its recovery plan reflects the true needs of its residents. Provincial Staff will be calling you to conduct a needs survey that will ask questions about the members of your house, immediate needs, capacity to recover, personal recovery plans and communication.

At the completion of this survey, you will be sent an email requesting your consent to collect and release this information with a copy of the completed survey. The information collected will be used to develop a plan for moving forward with interim housing and other critical immediate recovery needs. While it cannot be promised that you and your family will get everything you may need or want, the first step is to understand what your needs are.

The Canadian Red Cross is providing personalized recovery navigation services (case management) support by working directly with impacted residents. Contact the Red Cross by calling 1-800-863-6582 from Monday to Friday, between the hours of 8:30 a.m. and 4:30 p.m. PST, to request Case Management support. Contact information for the Canadian Red Cross and other support organizations will also be provided at the completion of the survey.

QUESTIONS

Contact communication@lytton.ca if you have any additional questions or concerns.
