

Village of Lytton Update

November 22, 2021

FLOODING UPDATE

Local communities may contact the PREOC if they have any urgent needs with respect to flood response: preoc3.ops1@gov.bc.ca.

An LFN Member Support Branch Director is now available to answer any questions related to the flood or can direct Members to available resources. You can reach the Director at eocflood@lfn.band for all inquires, concerns and questions.

ROAD CONDITION UPDATE

Highway 12 to Lillooet is open. Watch for slippery sections and fallen rocks. For the latest updates visit <https://drivebc.ca/>.

We have been advised that the West Side Road between Lytton and Lillooet is clear, after aerial reconnaissance was done by the LFN and the Ministry of Transportation and Infrastructure (MOTI). We continue to advise caution when travelling through this area as unstable debris may continue to pose a hazard.

SUPPORTS, FOOD & SUPPLIES UPDATE

Relief Centres remain open at this time, and will continue to operate as long as they have supplies and power. Open Relief Centres are located at the Skuppah Community Hall, the Siska Community Hall and the West Side Hall.

FNHA Public Health Nurses are willing to run prescriptions down to Lytton for anyone (Indigenous or not) during this situation. People need to have their prescriptions faxed to the Pharmasave in Lillooet and then they MUST CALL Jeanette at the FNHA reception to let her know a prescription needs picking up. 250-455-2715.

Due to recent events, the Rural Business and Community Recovery Forum has been postponed to a later date. We are in the process of discussing a new date, and will provide an update as soon as possible.
