Message from MLA Tegart

Although I am here in Victoria and cannot be with you today, I cannot begin to describe how happy and relieved I am that work to remove the debris from Lytton will finally get underway.

The road to get here has not been an easy one, and it is only thanks to the tireless work and advocacy over the last 250 days by so many of you who are here today. In the face of such loss and heartbreak, Lytton has shown B.C., Canada, and the whole world the resiliency, tenacity, and generosity of its people and community.

There is much work ahead of us, but we can finally begin the crucial steps of cleaning up Lytton and preparing your properties to rebuild homes, businesses, and community.

On behalf of myself and the entire B.C. Liberal caucus, thank you for everything you have done and continue to do to rebuild the Village, that is much loved by community members, and the lives of those who call it home.

Thank you,
