

Lytton & Region Economic Recovery Plan

Project Update

 O'LEARY & ASSOCIATES LTD.
PERFORMANCE. INNOVATION. LEADERSHIP.

Project Background

The Lytton & Region Economic Recovery Plan was commissioned in 2022 with the contract awarded to O'Leary & Associates. The project got underway in December 2022 with an anticipated Final Report to be presented to Council March 31, 2023.

The objective of the Lytton & Region Economic Recovery Plan project is to facilitate and present meaningful ground-up solutions to support Lytton and Regions Economic Recovery – built from the needs and insights voiced by the community.

Project Update

Stakeholder interviews have been underway with area businesses, organizations, residents, and elected officials.

These interviews will help inform the Economic Recovery Survey, which is the next step of engagement with Lytton and Region businesses, organizations and residents.

The project team visited Lytton Jan 16 to film a short video to support the project and meet with community members.

March

Prepare & Present Final Report

Next Steps

In the coming weeks, all community members will be asked to participate in the Economic Recovery survey – participation is key to ensure the Economic Recovery Plan for the area reflects the needs and desires of the community.

Hearing directly from businesses, organizations, and residents will help provide valuable data and insights that will guide the creation of an Economic Recovery Plan which will include short-, medium- and long-term priorities with recommendations on how to move forward.

Email communication will be shared with all those interviewed to date. Collaboration with the Chamber and the Village will also be utilized to help share project updates and connect community members to participate in the Economic Recovery Survey.

Project updates can be found on the Village of Lytton website
